

### IAC PLUS SOCIAL DETERMINANTS OF HEALTH CHECKLIST

**Instructions:** Complete the following checklist to identify which SDOH affects your MSAW population. For each SDOH, identify what challenges are faced, what strategies or activities are undertaken to manage each factor, and what resources or partnerships are available to address them. This checklist will help us adapt SDOH screening tools for each health center in next learning sessions. You can add as many SDOH factors as you can identify. **Please, return this checklist completed to [laboy@ncfh.org](mailto:laboy@ncfh.org).**
